PROPAGANDA DEPARTMENT SET UP
IN TRANSPORTATION MINISTRY

According to a resolution of the Council of Ministers and of the Bulgarian Communist Party, the Ministry of Transportation has established a Political Administration Department. The main purpose of new organization and its subdivisions is to activate workers and employees to maintain the qualitative and temporal standards of the Five-Year Plan.

The chairman of the Political Administration Department is a representative of the Minister of Transportation assigned to political work, who remains under the jurisdiction of the minister and of the Central Committee of the Bulgarian Communist Party. The department contains two subdivisions: one for work with party trade unions and youth organizations, the other to conduct propaganda and political agitation.

The railroad, automobile, and water transportation departments and their construction divisions will each have their political representatives. The representatives will act under supervision of the department chiefs and coordinate their activities with him.

On large sea-going vessels the political representatives will be appointed by the captain.

All political workers of the new administration are paid from the budget of the Ministry of Transportation and have the status of all other state employees as well as all the privileges granted to transportation workers.
